

AARON WALKER

LIFE AND BUSINESS COACH • MASTERMINDS FOR MEN • MASTERMINDS FOR WOMEN

Aaron's mission is to help men transform their lives. His leading core value, **Relationships Matter Most**, serves as the compass to uncover what they truly want in life and set their goals to achieve success and significance on their journey. Having served his community for more than 43 years as an entrepreneur of multiple businesses has taught him to have **No Excuses, Make it Amazing, and that Everything is Figureoutable.**

Two decades ago, Aaron had the opportunity to join a peer advisory group called a mastermind, where he received wise counsel from other competent leaders helping him maximize his potential.

In 2013, Aaron was encouraged by his mastermind group to start the Iron Sharpens Iron Mastermind, a brotherhood of men focusing on developing the whole man - growing themselves, their businesses, relationships, and faith. Hundreds of men's businesses and families have and continue to experience generational change.

Aaron enjoys giving back through his own experiences in The Mastermind Playbook - a program for helping others develop and build their mastermind, and his book View From The Top. Aaron lives in Nashville, Tennessee, with his wife Robin of 42 years. He has two amazing daughters and five beautiful grandchildren.
